- For details of our investment strategy and current strategic plan, please see our website

The Four Way Community Foundation is an independent nonprofit organization serving Josephine and western Jackson counties. It provides mentoring and resources to local nonprofits, and grant support derived from donations and earnings on invested funds. By keeping wealth local, it helps steward our shared prosperity.

The endowment, originally created by Rotarians and other generous citizens, has increased with additional gifts and investment growth to a total of over \$12 million. Since its inception, The Four Way Community Foundation has given community projects over \$8.8 million.

For forty-eight years, The Four Way Community Foundation has championed local philanthropy by providing convenient ways to give back locally and specifically. Committed to integrity, transparency, and equity, the Foundation is overseen by local leaders who are focused on building a better world right here at home.

The Foundation's name derives from the Rotary "Four Way Test" of the ethics of any decision:

- Is it the truth?
- Is it fair to all concerned?
- Will it build goodwill and better friendships?
- Will it be beneficial to all concerned?
